Training to build a men's ministry that reaches every man in your church

**What is the key to building an effective men's ministry?
An inspired, equipped men's ministry leadership team!**

A Four Hour Workshop to Inspire and Equip That Team

Twenty years of ministry experience and research inspired the creation of *"Reaching Every Man—Introducing A Strategy for Men's Ministry to Leave No Man Behind."* Based on the book, No Man Left Behind, this, dynamic, encouraging training will inspire your men to:

- Build a strong ministry to your men that moves them down the discipleship path.
- Design events that reach the men not already involved.
- Help men develop deeper friendships so they are not alone in their spiritual battles.
- Get men to take advantage of the already existing programs in your church.
- Shape your ministry to men so that it changes their hearts, not just their behavior.
